

# CIRCO BIZARRO

an animated kids show by Tina Thompson

**LOGLINE:** Whenever a forlorn fairy tale character joins Circo Loco, eight-year old Fantasia is on hand to investigate their outlandish stories and talents.

Fantasia has been raised at the Circo Loco by her sloppy, ringmaster uncle, Tosco. Headlining every show are fairy tale characters that haven't quite found their happy endings. And their acts are... bizarre.

The longest residents at the circus are the Three Bears: Papa is the security guard, Mama sells Grub n' Honey bars at the snack bar and Junior is training (against his will!) to be a dancing bear.

Fantasia has made it her mission to fight the good fight to get the fairy tale characters their happier endings!
